

## Sunrise Elementary PBS Lesson Plan

**Skill:** Use Active Listening Skills

**Setting:** All setting

**Read Aloud to Students:**

Today we are going to discuss the procedures of active listening skills.

- Stop what you are doing
- Clear away distractions
- Eyes on speaker
- Respond to what you heard

**Teacher Models for Students:**

*Example:* Class is working on homework assignment. Teacher stops class to go over directions for next activity. The class clears away distractions, looks at teacher, and responds to what the teacher is asking them to do.

*Nonexample:* Teacher continues doing what they want while the teacher is explaining the directions for the next activity. Teacher does not listen to or acknowledge the teacher as directions are given. The teacher does not do what she hears and later raises her hand and asks the question that was reviewed.

*Example:* Teacher models all appropriate steps to being an active listener.

**Student Role Play:** Students model all appropriate steps for being an active listener with teacher feedback.

**After the Lesson:** After returning to the classroom, allow time to discuss further and answer questions. If any problems arise, re-teach the lesson or seek additional resources.
