

## Sunrise Elementary PBS Lesson Plan

**Skill:** Being responsible, having integrity, being safe, and being enthusiastic.

**Setting:** Technology

**Read Aloud to Students:**

Today we are going to discuss the procedures of using technology.

- Keep area clean
- Properly use all technology equipment
- Stay on school appropriate sites
- Follow the student acceptable use policy
- Keep all personal information private
- Use school software appropriately
- Use technology to enhance learning

**Teacher Models for Students:**

*Example:*

- Teacher will discuss proper usage of various technology and how it is used to enhance learning. Teacher will demonstrate how to properly carry cell phones and all personal technology during school hours by reviewing the student acceptable use policy.
- Teacher will demonstrate how to use classroom Smartboard. Teacher will demonstrate how to lightly tap on Smartboard, making sure only one program is open at a time.
- Teacher will demonstrate how to use classroom computers. Teacher will demonstrate how to use school software. Teacher will explain how to keep all personal information private, only accessing school appropriate sites.
- Teacher will demonstrate procedures in computer labs by sanitizing hands and immediately sitting in assigned seat. Teacher will log into computer with their personal log in pin, if required, and wait for further instruction from teacher. Teacher will keep area clean of all food, drink, and trash. When finished, teacher will replace equipment, push in chair, and sanitize hands.

*Nonexample:*

- Teacher will talk on cell phone and listen to ipod during presentation.
- Teacher will open up various sites and bang on Smartboard.
- Teacher will share personal information and access inappropriate sites.
- Teacher will enter computer lab without sanitizing hands and stop to talk to a friend before sitting down in an unassigned seat. Teacher will use a friend's personal log in information to log in. Teacher will open left-over chips from lunch. When finished, teacher will leave trash and all other equipment out and leave the room without sanitizing hands.

*Example:* Teacher models all appropriate steps to using technology.

**Student Role Play:** Students model all appropriate steps to using technology with teacher feedback.

**After the Lesson:** After returning to the classroom, allow time to discuss further and answer questions. If any problems arise, re-teach the lesson or seek additional resources.
